## PENNSYLVANIA FAIRS ANIMAL HEALTH REQUIREMENTS

### Section 3: Pennsylvania Cattle:

#### **Recommendations** for Fair Animal Health Requirements:

1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2016.
2. All animals must be free of infectious and contagious diseases and a statement of this should be written on the CVI.
3. Individual official animal identification. Official ID will have a US shield  and includes:
  - A USDA-issued National Uniform Eartagging System (NUES) tag; or
  - A 15-digit Animal Identification Number eartag starting with "840" (including RFID) or
  - Other official identification approved by USDA. (Brands and breed registrations with tattoos are not acceptable).
4. A current rabies vaccination administered by a licensed veterinarian is recommended for animals 3 months of age and older (*market cattle are exempt*)

### Section 4: Out of State Cattle:

#### **Requirements:**

1. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation is required.
2. Vesicular Stomatitis (VS): (applies to states that experienced a Vesicular Stomatitis outbreak in the last 12 months). An accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this certificate of veterinary inspection have been examined and found to be free from VS. During the past 90 days, these animals were not located within 10 miles of a site where VS has been diagnosed."
3. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI.
4. Individual official animal identification is required. Official ID will have a US shield  and includes:
  - A USDA-issued National Uniform Eartagging System (NUES) tag; or
  - A 15-digit Animal Identification Number starting with "840" eartag (including RFID) or
  - Other official identification approved by USDA. (Brands and breed registrations with tattoos are not acceptable).

## 5. Testing: Tuberculosis Requirements:

- No test is required for animals originating from “Accredited Free” states or zones.
- All exhibition animals originating from states or zones designated “Modified Accredited Advanced” must be test negative within the 60 days prior to the date of importation. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable).
- All animals originating from states or zones designated “Modified Accredited” must originate from herds in which all animals 12 months of age and older are test negative within the 12 months prior to the date of importation; and the individual animals to be imported (all ages) are test negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).
- **Rodeo** (or other recreational) animals of all ages must be negative on an official Tuberculosis test within the 60 days prior to entry, unless they originate from and are members of an Accredited Tuberculosis-free Herd. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).

### AHCA Rules for Sanctioned Shows

#### *AHCA Policy Statement Concerning the Fitting of Highland Breeding Cattle for the Show Ring*

It is neither the desire nor the business of AHCA to act as a show ring policeman. It is however, within the scope of AHCA's responsibilities to maintain the purity of the breed and by extension, act to ensure the preservation of those characteristics deemed unique to Highland cattle. This includes presenting breeding cattle to the public that do exhibit those unique breed characteristics. It is also within the scope of AHCA's responsibilities to mediate and ensure ongoing contentment within its constituency. Highland cattle possess unique characteristics not found in other breeds of cattle. Some of these are physical characteristics that permit the instant recognition of the breed. Attempting to alter the physical appearance of Highland breeding show stock by the excessive removal of hair is not an acceptable procedure at any ROE recognized Highland show. Clipping, shaping and increasing hair volume are all common and accepted cosmetic procedures permitted to purebred breeding stock. However, excessive clipping or blocking will not be tolerated in the show ring except for market animals. AHCA understands that "excessive clipping and blocking" are subjective terms open to individual interpretation. None-the-less, AHCA expects that all participants in ROE Highland shows will exercise restraint in the removal of hair for the purpose of showing Highland breeding stock.

1. Exhibitors must be members in good standing of the American Highland Cattle Association or the Canadian Highland Cattle Society.
2. All animals must be owned by the exhibitor and must be registered with the American Highland Cattle Association or Canadian Highland Cattle Society, prior to participation. Animals born in the current show year may be shown on pending papers provided that all forms and fees have been received by the AHCA office and in the case of necessary DNA, samples have been received by AHCA's designated DNA lab, prior to the show.
3. Registration papers must be presented to show officials or AHCA representatives upon request.
4. Tattoos must be legible and correspond to registration papers.
5. Use of hormones or steroids in animals exhibited is prohibited.
6. Breeding cattle may not be dehorned.
7. Exhibitors agree to abide by the IAFE (International Association of Fairs and Expositions) National Code of Show Ring Ethics.
8. A calf in the cow/calf class must be the cow's natural calf, still nursing and a maximum of 250 days old.
9. All bulls born prior to the current calendar year of the show season must have a ring or noselead.

Standardized Rule Book is the governing document to be used when producing the International Championship Show, the International Youth Show and any regional shows where ITLA Qualifying Points are to be awarded. Deviations from the rules set forth in The Rule book may result in the show being classified as a Non-Qualifying Show (with no qualifying points or High Point Legacy points recorded) unless the show chairman receives specific permission from the ITLA Board Of Directors prior to the show.

Periodically, the rules and regulations contained in The Rule Book are reviewed and revised by the ITLA Show Rules Committee. Changes are presented to the ITLA Board of Directors for approval before inclusion. Every attempt will be made to inform members of any rule changes through updates in the ITLA Drover or posted on the official ITLA website.
